CCARC Joins With Other Nonprofits At The Capitol

CCARC participated with several other nonprofits in last week's "Connecticut Nonprofits Week at the Capitol." They had the chance to meet individually with several legislators and talk about their biggest concern – "cost of care." Unfortunately for CCARC and many other organizations, the state of Connecticut doesn't fully cover the cost for individuals with disabilities who receive critical services. It was a great opportunity for everyone to learn more about how our legislature works and what we can do to help promote laws that aid CCARC's vision to provide personalized services for people with disabilities.

CCARC is central Connecticut's leading non-profit dedicated to helping people with disabilities. It was founded in 1952 and is committed to providing personalized services to people with disabilities to help make their dreams happen. For more detailed information about the services CCARC provides or how to support the organization, please contact Anne Ruwet at 860-229-6665. Additional information may be found at ccarc.com.
